

Kapunda High School

Doorways 2 Construction

Taster Day

Thursday, 1 August

- Are you considering a career in the construction industry?
- Would you like to begin training whilst earning credits towards your SACE?
- Would you like to attend a 'taster' day and information session at our Trade Training Centre to help you make subject selections for 2020?

Doorways 2 Construction (specialising in the 'wet' trades) Taster Day is offered to Year 9 students, so they can choose if they'd like to undertake D2C in Year 10. The training is delivered at Kapunda High School.

This Vocational Education and Training is industry specific training, providing students with national qualifications that can be obtained while the student is still at school and is recognised within the SACE.

Many of our D2C students have benefitted from undertaking this course and achieved a successful transition from school to employment, training and further education. Achieving these competencies will also provide credit towards traineeships and apprenticeships, giving students a head start in their chosen employment pathway.

To register an expression of interest in attending a Taster Day for Doorways 2 Construction, please complete the tear-off slip below and return it to the VET Coordinator at your school.

TASTER DAY EXPRESSION OF INTEREST

Student name: _____

I wish to attend a D2C Taster Day at Kapunda High School to explore what the course offers.

Parent name: _____

Parent signature: _____
